

## Tyfo<sup>®</sup> Systems

We guarantee quality with our full range of Tyfo<sup>®</sup> Systems, from the start to the completion of every project, with quality assurance and certified installation.

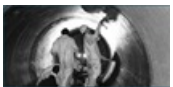

More than just suppliers of products and materials, we are a complete engineering solutions provider with an experienced pool of qualified engineers and highly trained staff. Our direct involvement — from the research, development, testing and manufacturing stage of our product range, to the in-depth professional technical services provided during the proposal and design stage of every project — defines our focus on quality.

With our commitment to ensuring certified training, guidance and close supervision during the implementation stage of every project, Fyfe Asia Pte Ltd and our state-of-the-art Tyfo<sup>®</sup> Fibrwrap<sup>®</sup> Composite Systems are a league above the rest, in the rapidly growing field of structural retrofit using advanced composite materials.
